Smart Lighting Project Officially Launches with Industry Forum

The District was joined by hundreds interested in learning more about our Smart Lighting Project at the Industry Forum hosted in the District on January 24-25, 2017. This Project, which is a joint effort with [DDOT](#) and [OCTO](#), will upgrade the District's streetlight network to all-LED technology, establish a platform for ancillary uses, and deliver long-term system operations and maintenance under a performance-based regime to ensure a modern and high-performing streetlight system for years to come. To learn more about this exciting project and see information from the Forum, visit op3.dc.gov/streetlights.

(Attendees learning about the Smart Lighting Project from Director Miller Gabriel)

Window for Unsolicited Proposals Opening March 1st

OP3 published a [notice of intent to accept unsolicited proposals](#) during the Month of March. Detailed requirements for these proposals are included in [OP3's rules and guidelines](#). Additional information and forms that must be included as part of a proposal can be found at op3.dc.gov/proposals. Interested parties are encouraged to review the District's [project pipeline](#) and meet with the OP3 before submitting a proposal. For additional information, contact OP3 at op3@dc.gov or 202.724.2128. All unsolicited proposals will undergo a robust review to determine the benefit to the residents of the District before a procurement process is advanced.

Join OP3 in Dallas

If you're interested in hearing the latest from OP3, we will be speaking on several panels at the [P3C Conference](#) February 27th to March 1st.

Meet OP3's First Cohort of Infrastructure Fellows

OP3 is pleased to announce that [Ashley Williams](#) and [Yijing \(Giulia\) He](#) have joined the team as our inaugural cohort of Infrastructure Fellows. You'll hear more from them soon!
